

RON'S CHICKEN CUSTOM PAYROLL SYSTEM

Biometric Attendance, DOLE/BIR Compliance & Batch Payslip System

PROJECT PROPOSAL & QUOTATION

Doc Ref: RC-PAY-2026-01
Date: September 08, 2026
Valid Until: October 08, 2026

PREPARED FOR (CLIENT):

The Management / Authorized Representative

Ron's Chicken (Lechon Manok & Liempo)
Cugman Branch, Cagayan de Oro City

PROJECT TITLE & DEPLOYMENT:

Custom Payroll & Biometric Attendance PWA

Live URL: rons-chicken-payroll.vercel.app
Target Device: Deli e3960 Biometrics (USB Mode + Cloud Ready)

1. Project Objective & Scope of Deliverables

To replace tedious manual Excel computations and error-prone payroll processing with a fast, tailored, offline-first Progressive Web Application (PWA) customized specifically for Ron's Chicken Cugman branch.

⚡ 1. Deli e3960 USB Attendance Parser

1-Click ingestion of the raw Employee Attendance Record.xls export. Parses punch intervals, handles overnight roasting shifts, late/undertime, and meal breaks for all 31 staff in under 1 second.

🏛️ 2. DOLE & BIR Statutory Payroll Engine

Automated computation of Daily/Hourly rates, Regular Overtime (125%), Night Shift Differential (10%), Food Allowance (₱50/day), SSS, PhilHealth, Pag-IBIG, and BIR Tax exemptions.

📅 3. Interactive Cutoff Date Controller

Pre-configured standard cutoffs (1st-15th & 16th-end of month) plus custom date pickers with instant recalculation of hours, pay, and payslips.

💰 4. Cash Advance (*Vale*) & Loan Ledger

Full tracking of employee advances and emergency loans with customizable installment splits per cutoff and automatic itemization on payslips.

🖨️ 5. 1-Click Batch Printable Payslips

Standardized, official single-line header payslips ready for bulk printing or thermal/letter paper signatures upon salary disbursement.

🔒 6. Continuous Auto-Backup & \$0 Server Fees

Automated local snapshots, persistent browser storage protection, and 1-click full .json database export/import with lifetime ownership.
